Committed to excellence... Motivated to excel

# PRINCIPAL'S MESSAGE

My message to you is inspired by two great African-Americans who believed in the value of education - Mary McLeod Bethune and W.E.B. Dubois.

As you enter the next phase of your lives, I challenge you to develop your sense of worth as human beings and as valuable members of this society. I challenge you to go forward with faith in yourselves, belief in your abilities, and commitment to accomplishing great things in the years to come. Last, I challenge you to proceed in life as if there are no limits to your abilities.

As you move away from the walls of Weequahic High School, appreciate the fruits of hard work; look at problems as opportunities; seek *excellence* at all times.

Remember, you have the distinction of being Weequahic High School's *last graduating class of this century*. I expect great things from you in the new millennium.

May God Bless You.

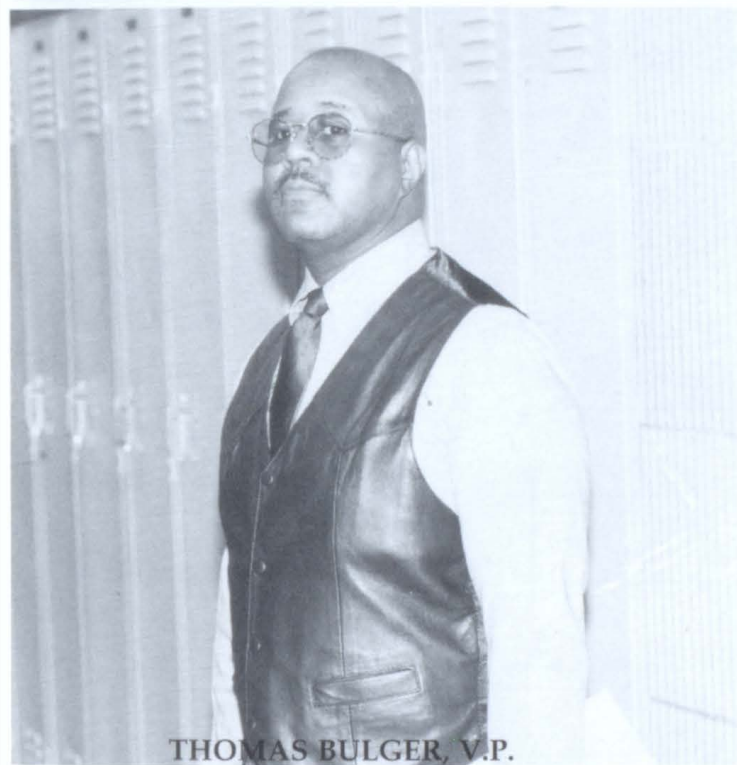

Edna H. Bailey  
Principal

**AUTREY REYNOLDS, V.P.**

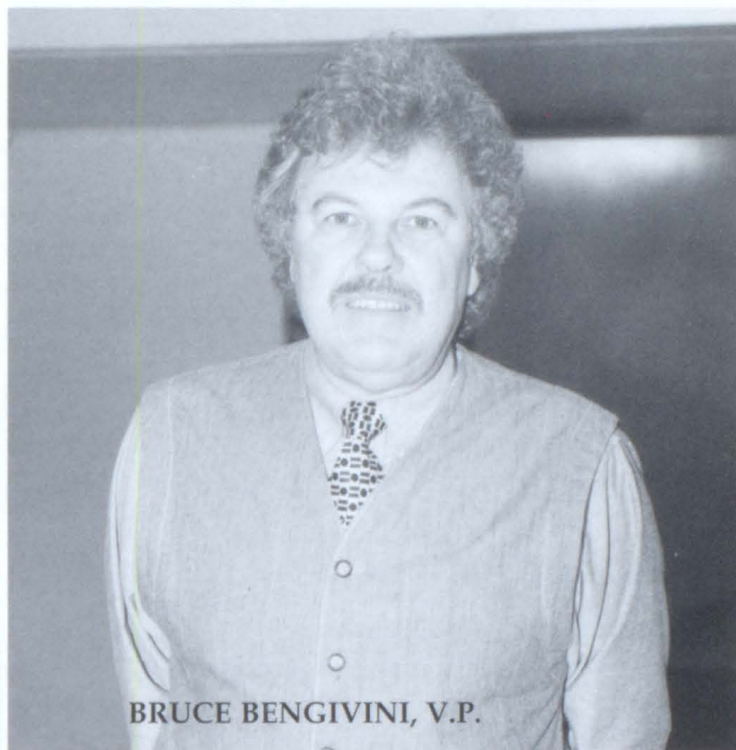

**THOMAS BULGER, V.P.**

Seniors,  
 You have acted as fine examples for our underclassmen.  
 You accepted your role as school leaders with the  
 realization of the seriousness of your responsibility.  
 Now you face greater challenges and responsibilities.  
 Proceed wisely, stay focused, and greatness will be your  
 reward. All that you believe, you will achieve.  
 Best wishes and congratulations.  
 Thomas Bulger  
 Vice Principal

Congratulations Seniors,  
 You have successfully fulfilled your school obligations and  
 course requirements. You have demonstrated responsibil-  
 ity, intelligence, and perseverance. Hopefully, these quali-  
 ties will serve you well in the future. All the world offers is  
 now within your grasp. Reach out and take hold.

Sincerely,  
 Bruce Bengivini  
 Vice Principal

**BRUCE BENGIVINI, V.P.**

Congratulations to the graduating class of 1999.  
 You are the last class of the twentieth century. It is  
 my hope that the best was saved for last. You are  
 now young adults and the world will begin treating  
 you as adults.

Hopefully, you have laid a sound foundation that  
 will carry you into the twenty first century prepared  
 to meet any challenge.

You came to Weequahic High School as bright  
 eyed freshmen, full of wonder, very playful and  
 energetic. Many of your classmates did not complete  
 the entire trip through high school. You can be  
 proud of yourselves for attaining this goal. Now you  
 must set new goals and strive to attain them.

I wish each and every one of you the best that life  
 has to offer. Continue to make your parents, commu-  
 nity, and Weequahic High School proud of you.

Sincerely,  
 Autrey Reynolds  
 Vice Principal

# MEMORIES OF THE WAY WE WERE...

I came to Weequahic in (month/year)\_\_\_\_\_.

I remember having\_\_\_\_\_ for

homeroom teachers. Of all the subjects and teachers that I have had, here at Weequahic, my

fondest memories are \_\_\_\_\_.

One of my most embarrassing moments happened when \_\_\_\_\_

My senior year finally rolled around and I found myself constantly in the company of my good  
friends \_\_\_\_\_ and \_\_\_\_\_.

I became involved in (clubs, activities, sports, etc.) \_\_\_\_\_

The cafeteria meal I most enjoyed eating was \_\_\_\_\_.

During hall sweep \_\_\_\_\_ My friends  
\_\_\_\_\_ and \_\_\_\_\_ always seemed

to get caught out there. My favorite musical artist was \_\_\_\_\_.

My favorite male/female movie stars were \_\_\_\_\_.

The song of the year was \_\_\_\_\_ and the movie  
of the year was \_\_\_\_\_.

TO THE SENIOR CLASS OF '99

Life is a journey with endless possibilities. It is a vehicle by which you will travel. Your tools have been packaged and processed. It is now time to seek out your destiny and fulfill your dreams. Your road will be filled with obstacles, disappointments, failures, and handicaps, but at the end of each artery there is always hope, opportunity, success, love, and family that will make it all worthwhile.

At this stage of your development you are about to close the door on the carefree bird, the wild stallion, and the awkward duckling, but you do not want to leave behind the respect and courage of the lion, the tenacity of the cat, the endurance of the elephant, and the wisdom of the owl. For these are the qualities that we want you to acquire in order to enhance your own sense of humanity when you open the portal to a meadow of beauty, serenity, and wonderment. It is a portal that is not limited by space and time, but crosses the boundaries of conceivability, adaptability, and attainability.

Weequahic High School has given you your pre-requisite for accomplishment; your diploma is your authorization to amass revenue, knowledge, experience, and acquire your own individuality. At what age you will acquire these things is not known. The only thing we do know is that the appliances were given. If used correctly, it will yield prosperity.

**Mrs. N. Stackhouse** (left) takes no nonsense when it comes to collection of senior class dues.

**Ms. D. Walker** (above) is always ready for social events/activities and public relations.

# WEEQUAHIC HIGH SCHOOL

## SCHOOL SONG

Our challenge to the orange and brown  
As orange and brown we sway  
Undaunted our refrain is sung  
Weequahic will win the fray.

All hail our steadfast Indians host  
Of braver warriors none can boast.  
And we will fight to do or die,  
And win for you, our Weequahic High.

No one knows what tomorrow holds,  
But we will keep the faith alive.  
It's so hard to do when there are ups and downs,  
Yet, Weequahic taught us to strive.

So, hail to you fond Weequahic,  
We pledge our faith and honor true  
Your mighty name will loudly ring  
To Weequahic High, praises we sing.

From our fortress on the hill,  
Where we stand side by side.  
We sing your praises with a will,  
As family we rise.

It's so hard, so hard to be an Indian,  
So hard to be an Indian, so hard to be an Indian,  
So hard to be a Weequahic Indian.

# CLASS OF '99 SONG

## "WHEN YOU BELIEVE"

Many nights we've prayed with no proof anyone could hear in our hearts a hopeful song we barely understood. Now we are not afraid. Although we know there's much to fear, we were moving mountains long before we knew we could.

There can be miracles when you believe.  
Though hope is frail - it's hard to kill, who knows  
what miracles you can achieve when you believe.  
Somehow you will, you will when you believe.

In this time of fear when prayer so often proved  
in vain, hope seemed like the summer birds too  
swiftly flown away. Yet, now I'm standing here  
with heart so full I can't explain. Seeking faith  
and speaking words I never thought I'd say.

There can be miracles when you believe.  
Though hope is frail- it's hard to kill. Who knows  
what miracles you can achieve when you believe.  
Somehow you will, you will when you believe...

ATIYA JENNINGS is trying to decide what color to paint her nails this week. Last week, it was red. Perhaps I'll leave them clear for now.

Steady, steady, steady as she goes. HELEN NICHOLSON looks scared to death (as she thinks)... "don't you dare let go."

Is there anything sweeter than Daddy's Little Girl? SHARLETTA UTLEY must really be the apple of her daddy's eye. It seems that he even wrote a song for her.

(Left) TERIQ HUDGINS appears not to have a care in the world right now. Look down to see him in his 70's gear. Hasn't changed much, huh? Now if only he could dribble a ball as well as he dribbles.

(Below Right) VALERIA, WAHYIDAH, SHAKIRA, and ALFREDA may have started out doing their assignment, but you know how it is when someone sees a camera -- All smiles...

(Below) WALIKAH PERRY knew in the 80's that her hair would be her calling card. Therefore, she was styling with the braids then, and now her style of hair is quite colorful!!!

SAMANTHA JACKSON is one of the senior escorts at this table. Can you guess which one she is? She was chosen to be "shadowed" by several students from Summit High School on high school exchange day.

The Three Musketeers ain't got nothin' on them. TONY with his bo-o-o-o-oming afro, TERIQ with his to-o-o-o-o small fur, and PERRY with his "Hammer-Time" shoes look like they're ready to get "jiggy" wit' it.

"SENIOR LIFE is the culmination of thirteen years of BOOKS, SWEAT, and TEARS (of joy and sadness)" - Atiya McCallum

# Valedictorian & Salutatorian

Ms. Stackhouse influenced me a lot through her overwhelming emphasis on creative writing and public speaking. She helped to boost my self-confidence. Mr. Mattia always cheered me up when I was down. Ms. Herr always rewarded my success in her class with gifts. Mr. Santoriello saw everything that I did in his class as "algebraically correct". And, last but not least, Ms. Northcutt's ability to entertain the class with humor and limitless knowledge always impressed me.

- Chidi Duru: Valedictorian

My future plans are to go to college and major in Computer Science and Mathematics. I also plan to model sometime in the future.

- Nmaezi  
Salutatorian

I plan to attend a technical college with a good engineering program. There, I will study Mechanical Engineering. I will strive to earn both a Bachelor's and Master's degree in Engineering. I haven't decided on a Ph.D yet. After college graduation, I hope to work with Lamborghini, Mercedes, Porsche, or Ferrari.

-Chidi

*Education is the foundation you build your future upon. Make yours deep, wide and sturdy.*

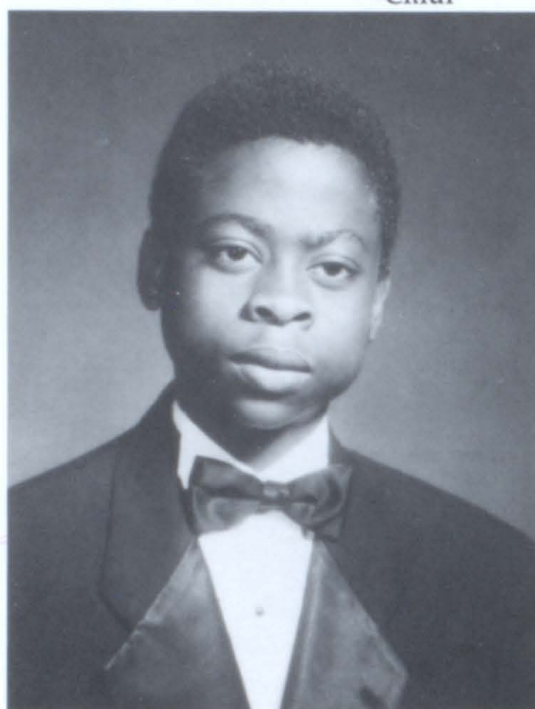

## Making history...

Brother (Valedictorian) & sister (Salutatorian), Chidi & Nmaezi share the spotlight for #1 & #2.

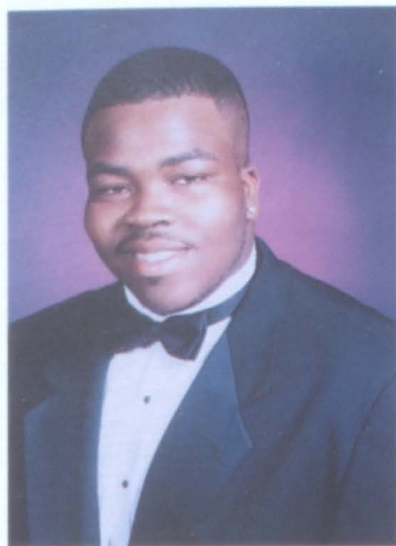

The teachers that most influenced me most are Ms. Northcutt and Mr. Jackson because they helped me get over my fear of public speaking.

My most embarrassing moment was when I ran for Student Government election. I choked on my speech, had no campaign manager, and practically felt sad and lonely throughout the election. It turns out that I also lost.

My proudest moment occurred in Ms. Northcutt's class. I did a presentation on my culture, and to my surprise, I was calm throughout the speech and my classmates showed interest in what I said. - Chidi

I don't really have an embarrassing moment that I remember. I am most proud of making straight "A"'s and being in the National Honor Society.

# TOP TEN SCHOLARS

"I believe that I enjoyed my math classes the most - so much that I actively participated in Math Olympics for the four years that I was here. The things that I hated most was how disruptive many of my classes were, the constant untidiness of the bathrooms, and the frequent shortage of food in the cafe" - CHIDI

"What I liked best about WHS are the after school programs. What I liked least was how rude the students were" - NMAEZI

*Carving out your academic space amid your peers is always a rewarding experience.*

## THANK YOU

I attribute my educational success to my parents because they supported me every inch of the way. They never hesitated to offer me some assistance with my studies or offer me some counselling when I needed it.

## THANK YOU

I attribute my success to my parents because without their support, help, and encouragement, I would not have made it this far.

### #3 SAMANTHA JACKSON

I attribute my educational success to my mother and Holy Spirit that is instilled in her. She gave me proper guidance that was needed to lead me up to this point of my life. My participation in activities advised by Mr. Jackson helped me greatly. He taught me to be outspoken and creative.

### Future Plans

I plan to attend Hampton University in the fall. I want to double major in Business Administration and Marine Biology. Upon completion of school, I will pursue a career as a Marine Biologist.

### #4 ATIYA MC CALLUM

I attribute my educational success to my family. Without their support I don't think I would have done as well in school as I did. I especially thank my mom.

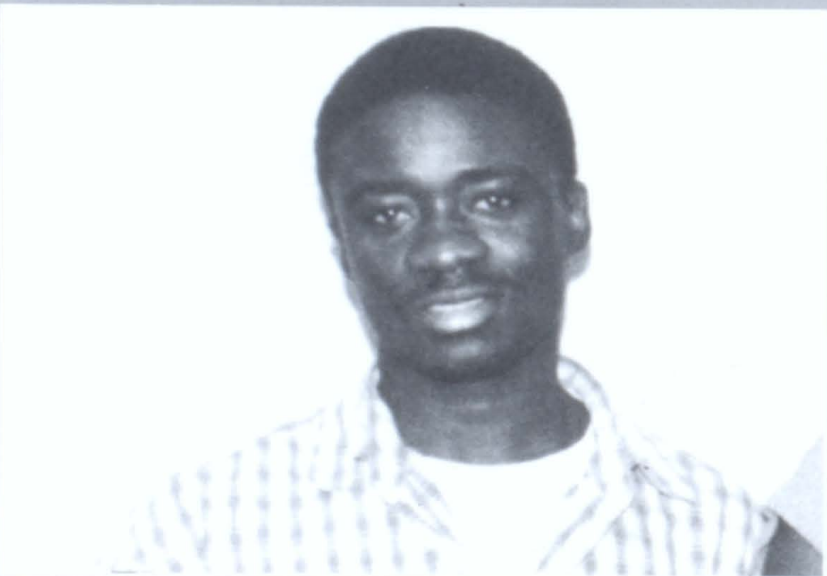

### Thank you

The subject that most influenced me is math. It helps me keep organized and helps me think critically. There are many teachers who influenced me, but mainly Mr. Jackson and Ms. Tamagnini were the ones who made sure I kept my head on straight and didn't get out of line.

### #5 FRANK SARPONG

I attribute my educational success to my grandmother for her vehement support and encouragements that encouraged me to stay in school. In school, my peers influenced me to excel.

### Future Plans

Plans do alter and so might my plans. I want to go to a college that offers a strong program in electrical and/or industrial engineering. Overall, I want to be prepared to practice an engineering profession after graduation.

## #6 DANTE STUCKEY

I attribute my educational success to my strong will and desire to pass all my classes. Ms. Stackhouse influenced me greatly. She showed me that school was tough and that I had to work harder to graduate with honors.

## Embarrassing moments

I never had an embarrassing moment and if I did, I missed it.

I am most proud about being in the top ten because I had to balance basketball and academics for four years and I think I did a pretty good job.

## #7 TAMIKAH MC CLUNEY

I attribute my educational success to my family for always being there for me. Picking my spirits up when I was down and keeping me on my toes at all times. Ms. Tamagnini was very helpful to me. She took me in as a freshman (a baby) and now she's sending me out as an adult.

## Future Plans

I plan to attend Rutgers (New Brunswick), then to attend Harvard Medical School. I plan to graduate in the top ten of my class and then to become a Forensic Pathologist. I also plan to own my own funeral home.

## #8 LINWOOD ARRINGTON

I attribute my educational success to all of my family, and the people who told me to never give up and strive for success. The people who had positive influences on me. In short, the people who cared like Ms. King, Ms. Cordasco, and Ms. Hardy. Thank you all for your encouragement.

## Future Plans

My future plans are to further my education by going to college, and then becoming a writer. I hope to become very famous and to be able to come back to Newark to help out as many as I can. I want to build shelters for the homeless, better parks, and even better schools.

### #9 EBONY CALLOWAY

My mother and father are the most important reasons for my educational success. Without the both of them on my side, I wouldn't have made it. They made sure I worked hard and got good grades, high test scores, and most of all, that I showed respect to myself.

### Future Plans

My future plan is to have a Master's and a PhD in chemistry because I want to become a chemist. I will also strive for a Master's degree in Architecture and Design.

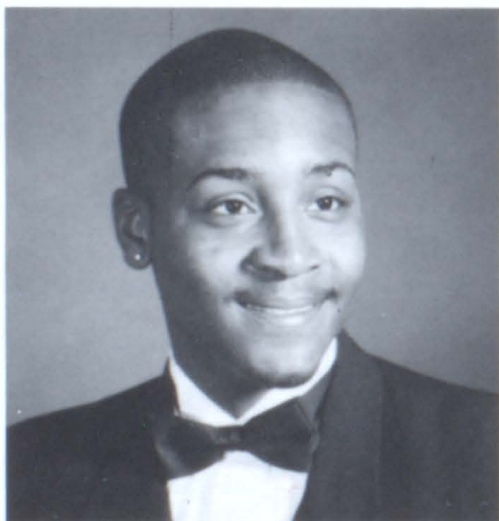

### #10 MARY JONES

I attribute my educational success to my mother. She always stayed on my back and she's the reason why I love school. Mr. Stewart and Ms. Hardy most influenced me during my stay at WHS because they believed in me and helped me to succeed.

### Future Plans

My future plan is to work with children. I love children a whole lot and I want to make a difference in their lives.

CHE DARDEN

CHE and KARRYN's pictures weren't ready for the color section, but they are still right on time. Look for both of us in our rightful places at the graduation ceremony.

KARRYN SMITH

"The computer has become very important to me. It has helped me to do better in my academic studies". - DESHAWN ROGERS

Men's day was a day when all the senior males were one mind and soul. We all listened to the speakers adoringly like little children to an elderly grandparent. It seemed as if everything the speakers said had worth or value to it - some humorous, some not. All their messages were equally powerful, but the most memorable lecturer was Brother Habibullah Saleem. Brother Saleem's rap was what really stuck in my head. Compared to rap music today his rhymes wouldn't cut the mustard, nevertheless, his message was strong and positive. Overall, Brother Saleem got through to everyone, and if I'm correct, the lyrics, "dope, dope, dope - nope, nope, nope" are all glued in everyone's minds forever! Olson D. Jean-Louis

WNBA NY Liberty superstar, TERESHA WITHERSPOON, aka "Spoon" came to Weequahic to give a motivational talk to the female population. Witherspoon stated that at an early age of four she began to understand and enjoy the game of basketball. Her family has always been athletic and in the natural course of things, at the age of eleven she knew she wanted to be an Olympian basketball player. She, in turn, graduated from high school in Texas (valedictorian), moved on to have a championship season at Louisiana Tech., and was on the 1988 Gold Medal Olympic Team. At the age of 33 and the height of 5'8", her motto is, "Belief in self is the most important thing you can do to reach your goals".

Ms. Witherspoon stated that she'd never received such a warm welcome as this from the female students of WHS. She thanked us, but we greatly thank her for her time, wisdom, and sincere caring, and her spirit.

Go Liberty, Spoon...Spoon...

# BE DEDICATED TO YOUR GOALS

# T JASON WILLIAMS, N.J. NETS HE MAN BEHIND THE BALL

JASON WILLIAMS felt it an honor to speak with the young adult males at WHS. He said that if he didn't play basketball, he'd still make millions of dollars. "You have to hang in there and do what you must. Everyone can't make it to the NBA, but everyone can and should be successful". Jason continues to be a role model on and off the court.

From being a "step-in" father, to owning a construction firm that is rebuilding Newark, Jason shows that he is more than a man with a basketball, he is a leader, a motivational speaker, a concerned businessman, and most importantly, A FRIEND OF WEEQUAHIC HIGH SCHOOL.

The urge to merge or come together with something greater than yourself can lead you to spiritual bliss or a life of foolishness. Be careful in the choices you make and the people you choose to follow. You're highly sensitive to others' moods.

## ARIES

Mar 21 - Apr 19

You're a leader or a loner, never a follower. You're a natural at starting things, but you need great discipline or a good assistant to finish them. A fighter against injustice and champion of the underdog, you're also an incurable romantic.

## LIBRA

Sep. 23 - Oct. 23

Romance is your priority. You'd rather do what you love and just get by than get rich doing something you don't care about.

commitment

Track is a very competitive sport. Most people think that track is hard, but it's not. The only way to make track fun is if you make the best of it. For this sport you have to be willing, reliable, and ready, but most of all you have to be dedicated. When most people step on the track they think that it's painful or difficult. But according to COACH CARTER, track is ninety percent mental and ten percent physical.

Our girls track team consists of: LAQUANA WALKER, WALIKAH PERRY, SHANA WILLIAMS, SHANIKA HUTCHINS, ANDREA HARRIS, JUANITA FRAZIER, JONELL BECKLES, and KAMI WILSON. Our boys track team consists of: WILLIAMS BRANCH, EARL JOHNSON, JAMES THOMPSON, RASHAD HESTER, BRADFORD DAVIS, MASHARAH HESTER, RAMEEN COOPER, MELVIN NIIMIN, JASON JONES, TODD WILLIAMS, SALADIN MC GHEE, DAMIEN GALLISHAW, and STEPHEN FORD.
